SUBJECT INDEX

The asterisk (*) indicates a feature article; the name of the author, in brackets, follows the entry. The heading DEATHS follows all entries after the letter "D." In general, the subject heading authority is National Library of Medicine's Medical Subject Headings, vol 24, January 1983, Part 2. Abbreviations used in the Index are listed on the back of the title page along with the index to pages according to weekly issues. The original year of publication of centennial celebration contributions appears in parentheses in each subject and author entry. Landmark articles are indexed by subject and under the heading "JAMA Landmark Articles."
